End-of-Sale and End-of-Life Notification - (UCrypt IP to Analog, 1st Generation)

December 31, 2017

Effective immediately, ATX Networks is announcing the End-of-Life Notification for its UCrypt® IP to Analog, 1st Generation with Verimatrix® Decryption Product Line.

The tables below include the end-of-life process milestones with associated dates, the part numbers affected by this notice, as well as alternative part numbers. ATX Networks does offer a similar replacement product that is functionally equivalent, or better in all facets except it does not have Verimatrix decryption as an option. This replacement product is the IP to Analog Generation 2 UCrypt Video Gateway products. Please refer to Table 3: Suggested Replacement Products for additional details.

For customers with active product warranties or service level agreements, technical support & warranty/non-warrant repair will be available as specified in the table below.

Please contact your ATX Networks sales representative for more details. Limited quantities are available for additional orders of the end-of-life products listed below.

End-of-Life Milestones

Milestone	Definition	Date
End-of-Life Announcement	Date of communication announcing start of the end-of-life process	Dec. 31st, 2017
End-of-Sale	Last day on which affected product SKUs in this communication can be purchased	Jan. 31st, 2018
End-of-Support	Last day beyond which technical support and warranty or non-warranty repair or replacement will no longer be offered.	Jan. 31st, 2019

Table 1: End-of-Life Milestones

End-of-Life Products

ATX Part Number	Description
UCIPA20BG	20ch IP Input and PAL B/G Analog Output (AC)
UCIPA20BG-DC	20ch IP Input and PAL B/G Analog Output (DC)
UCIPA20DK	20ch IP Input and PAL D/K Analog Output (AC)
UCIPA20DK-DC	20ch IP Input and PAL D/K Analog Output (DC)
UCIPA20N	20ch IP Input and NTSC Analog Output (AC)
UCIPA20N-DC	20ch IP Input and NTSC Analog Output (DC)

Table 2: End-of-Life Products

Suggested Replacement Products

ATX Part Number	Description
UCTIP2A10	UC IP2A V2 w/10 Ch Analog Output
UCTIP2A10DC	UC IP2A V2 w/10 Ch Analog Output (DC)
UCTIP2A20	UC IP2A V2 w/20 Ch Analog Output
UCTIP2A20D	UC IP2A V2 w/20 Ch Analog out, with FKD Decrypt
UCTIP2A20DC	UC IP2A V2 w/20 Ch Analog Output (DC)
UCTIP2A60	UC IP2A V2 w/60 Ch Analog Output
UCTIP2A60D	UC IP2A V2 w/60 Ch Analog out, with FKD Decrypt
UCTIP2A60DC	UC IP2A V2 w/60 Ch Analog Output (DC)

Table 3: Suggested Replacement Products

Due to a shift in product strategy, the purpose of this communication is to serve as official notice regarding the end-of-life for this product line.

ATX Networks would like to thank you in advance for your understanding and continued support.
