

Product Advisory

Date: February 1, 2025

Product: Refurbished Cisco GS7000 1GHz and 1.2GHz Nodes

Reason: Manufacture Discontinue (MD) Notification

ATX formally announces the Manufacture Discontinue (MD) and End-of-Life (EOL) Notification for the Refurbished Cisco[®] GS7000 1.2GHz and 1GHz Nodes. Due to the limited available inventory in the refurbishment/resale market, ATX is no longer able to support new sales of refurbished Cisco GS7000 1.2GHz and 1GHz node products. This communication serves as an official notice regarding the start of the MD and EOL process for the products listed in this notice.

Product-Specific Lifecycle Information

While we strive to follow the ATX Product Hardware and Software Lifecycle Support Policy (see last page), in this instance, component and supply issues may constrain these dates on a SKU-by-SKU basis. The table below includes general lifecycle milestones with associated dates.

Lifecycle Milestones

Milestone	Definition	Date
Lifecycle Announcement	Communication date announcing start of MD and the end-of-life process	February 1, 2025
End-of-Sale (EOS)	Last day on which affected product SKUs in this communication can be ordered from ATX. ATX Care will continue to support technical repair or replacement of affected products still under warranty per terms covered at time of sale.	December 31, 2024

Products included in this Bulletin

SKUs affected by this notice include:

Product Line	Discontinued SKU	Description	Suggested Replacement SKU
Cisco GS7000 Node (Refurbished)	GS7KS411L43XXXXXXX	NODE 1.2G4254 2LIRX 2X4FCM 4X2RCM-2:1EDR	None
Cisco GS7000 Node (Refurbished)	GS7KS411S11XXXXXXX	GS7K 1.2GHz, 42/54, 1PS, SIRX, 1X4FCM, 4x1RCM, TPA, STDFBRTRY	None
Cisco GS7000 Node (Refurbished)	G7A2AA101E2XXXXAXX	GS7000, 4x(HO), TPs, 42/54, 8p, SA, Rx, 2:1/EDR, PS	None
Cisco GS7000 Node (Refurbished)	GS7K-LA-1.2G-0458	AMP GS7K LAUNCH 1.2GHZ 204/258MHZ	None
Cisco GS7000 Node (Refurbished)	GS7KS211X13XXXXXXX	NODE GS7K 204 1PS 1X4FCM 4x2RCM	None

ATX Product Hardware and Software Lifecycle Support Policy

Lifecycle	Software	Hardware
Active	 Software generally available (GA) for deployment Standard Warranty terms apply for 90 days ATX Care Support Plan required thereafter Corrective content via Maintenance releases 	Hardware currently manufactured and available for order Standard Warranty and ATX Care terms apply
Inactive (Software) or MD – Manufacture Discontinued	Targeted corrective content (Outage, BC) with ATX Care	 Not available for new deployments and expansions Customer-specific exceptions considered based on MPSA
Retired (Software) or EOL – End of Life (Hardware)	 No corrective content available Emergency Recovery only (no RCA) with ATX Care Support Plan No Security patching 	ATX no longer supports the advanced replacement of hardware in instances where existing stock is exhausted but MAY provide a best-effort repair service
EOSL – End-of-Service-Life	ATX no longer supports the product	ATX no longer supports hardware — certain hardware may be removed from software releases

Note: Customer and contract-specific terms and conditions may apply that supersede the above policy intervals.
